Bal Sanskar Shala is a unique school for children ages 3 to 15, where teachers work together towards unleashing the immense potential of young children. We are committed to providing a cultural and spiritual environment with a curriculum that emphasizes the development of the child, giving them an immensely strong foundation to face challenges with faith, courage, confidence and spirituality. This class encourages children to understand and live by the teachings of Hinduism by providing them the knowledge of Hindu rituals, festivals and spiritual practice.

Our teachers focus on:

Moral Values and Sanskars – Character building and life lessons where students develop the ability to determine right from wrong, emphasize good habits, and multiply their merits for themselves, their family, and society.

Health – Focus on physical health through healthy eating habits, yoga, and games and on mental health through meditation and spiritual growth.

Cultural and Spiritual Growth – Through Vedic mantras, shlokas, and prayers to teach the essentials of the Hindu religion with knowledge of Hindu gods and goddesses, celebration of festivals, cultural programs and performances, and teaching of the Bhagavad Gita.

Arts and Crafts – Projects and team-building activities to show and reinforce all lesson plans and curriculum.

Extracurricular Classes

- Shlokas/Devotional Songs/Prayers
- Yoga
